Introducing The Culligan Aqua-Clear® Advanced Drinking Water System.

Great Tasting Filtered Water Provides:

- Better tasting coffee, tea, and juices
- More flavorful soups, sauces, and pasta
- Richer baby formula
- Clearer ice cubes
- Peace of mind

TAILORED FOR YOUR HOME.

Because water quality can differ across regions, or even different homes in the same town, Culligan's Aqua-Clear system is completely customizable to your unique needs. With up to 13 interchangeable filters, the most options on the market today, there's a combination that will precisely treat your water's problem.

MORE THAN JUST A REVERSE OSMOSIS SYSTEM.

The Culligan® Aqua-Clear is a reverse osmosis drinking water filtration system with a unique and important difference: depending on the what's in your water, there is specialty advanced filters that target specific contaminants that an RO membrane is not effective at, such as: arsenic, volatile organic compounds (VOC's), perchlorate and benzene.

OVER TWO-THIRDS (67%) OF AMERICANS ARE GENERALLY CONCERNED ABOUT THE QUALITY OF THEIR HOUSEHOLD WATER SUPPLY.

Culligan Aqua-Clear® Advanced Drinking Water System is more than just an RO...

Regular tap water can contain many impurities. Culligan® Aqua-Clear Advanced Drinking Water System is the only system customized to your home's specific needs.

With five stages of filtration, Aqua-Clear screens up to 99% of contaminants and total dissolved solids – more than any single-stage filter on the market.

CULLIGAN AQUA-CLEER™ SPECIFICATIONS

Sediment Filters. Screens out sediments and particles. Various micron size filters are available.

Carbon Filters. Reduces elements that cause water to taste and smell unpleasant, including the taste and odor of chlorine.

Reverse Osmosis Filters. Reduces dissolved substances such as radium, lead, arsenic V, and many others.* Various capacity membranes are available.

Specialty Filters. Reduces substances** such as perchlorate, VOC***, MTBE, mercury and arsenic III. A range of specialty filters are available.

Post Carbon Filter. A second carbon filter ensures your drinking water is clean and fresh.

Consult the Performance Data Sheet for the specific contaminant reduction capabilities of this device. Substances are not necessarily in your water. VOC is a broad term used to describe many chemicals and compounds that are known carcinogens.

Manifold Assembly. The patented single manifold ensures reliability. Houses four separate filter technologies in a unique space saving design. The manifold is molded using AlphaSan® antimicrobial resin.

Automatic Shutoff Valve. Shuts off the system when reservoir tank is full.

Quality Monitor. (not shown) State-of-the-art electronics automatically monitors the water quality.

Reservoir Tank. Durable, high quality steel tank ensures you'll have a plentiful supply of refreshing water. Various size tanks are available.

Designer Faucet. Multiple styles and colors are available. An optional monitor light on the base indicates time to change filters.

THE CULLIGAN® COMMITMENT.

At Culligan we are committed to providing the highest quality products. Our units are tested to the highest standard and use parts that are corrosion resistant. Culligan® also offers the most experienced, professional service. Since 1936, you can count on Culligan's tradition of innovation and service in the water treatment industry. A trained technician will install and program your home system. Your Culligan dealer is easy to work with; salt delivery, filter and media changes and financing is also available.

Products manufactured and marketed by Culligan International Company (Culligan) and its affiliates are protected by patents issued or pending in the United States and other countries. Culligan reserves the right to change the specifications referred to in this literature at any time, without prior notice.

Culligan SmartSense, Culligan, CullFlo-Valv, Quadra-Hall, Culler, DuraSafe, "better water, pure and simple." are trademarks of Culligan International Company or its affiliates.

Culligan's Gold Series™ Water Softeners have third party validation by WQA (WQA Gold Seal) and UL which assures your Culligan Filter has been manufactured under the highest of industry standards.

The Good Housekeeping Seal applies to drinking water systems, softeners and whole-house filters. Warranties available separately. See written warranties for applicable terms and conditions.

* Offer valid on residential use products only. Consumer must notify their Culligan dealer no later than 30 days after purchase. Offer good at participating dealer locations only.

About Your System

Thank you for choosing a Culligan Aqua-Clear advanced drinking water system. Your new system is designed to bring you years of deliciously crystal-clear Culligan water. The best part is it comes right from the tap. No more lugging around bottles or waiting for pitchers to slowly fill up. With your continuous supply of great tasting water, not only can you get your 8 glasses a day but you can easily use it for cooking, coffee, juice, baby formula, ice cubes, anything you use water with.

The important thing to remember is to change out your filters on a regular basis. The quality of your water is only as good as the quality of your filters. Each filter is designed to last for 1,000 gallons (roughly 12 months). Membranes will last longer if used with pre-filtration. A flow monitor is available with your system to let you know when you have consumed 1,000 gallons of water through your system. If you did not purchase one with your system, you may consider asking your Culligan man about having one installed. Faucets with reminder lights are also available.

System Specifications:

Dimensions	Filter Assembly	13.8" wide x 4.2" deep x 15.5" high
	Standard Storage Tank	9" diameter x 14" high
	Medium Storage Tank	11" diameter x 14" high
	Large Storage Tank	15.5: diameter x 24" high
Storage Tank Capacity	Standard	2 gallons
	Medium	3 gallons
	Large	9 gallons
Reverse Osmosis Efficiency Rating	Standard	16.86%
	Medium	16.86%
	Large	16.86%
Reverse Osmosis Recovery Rating	Standard	33.49%
	Medium	33.49%
	Large	33.49%

Filtration Options:

Sequence of Filtration	Type of Filtration	Specification
Pre-Filtration	Sediment	1
		2

Culligan Lifetime Limited Warranty

Culligan Aqua-Clear Advanced Drinking Water System

You have just purchased one of the finest drinking water systems made. As an expression of our confidence in Culligan products, your drinking water system is warranted to the original end-user, when installed in accordance with Culligan International Company specifications, against defects in material and workmanship from the date of original installation, as follows:

- **For the LIFETIME of the original end-user**
The entire reverse osmosis water conditioning unit, EXCLUDING THE EXPENDABLE FILTER CARTRIDGES AND REVERSE OSMOSIS MEMBRANE FILTER USED IN THE UNIT.
- **For a period of ONE YEAR**
The Culligan brand reverse osmosis membrane filter.

If a part described above is found defective within the specified period, you should notify your independently operated Culligan dealer and arrange a time during normal business hours for the dealer to inspect the drinking water system on your premises. Any part found defective within the terms of this warranty will be repaired or replaced by the dealer. You pay only freight from our factory and local dealer charges.

Damage caused by accident, fire, flood, freezing, Act of God, misuse, misapplication, neglect, alteration, installation or operation contrary to our printed instructions, or by the use of accessories or components which do not meet Culligan specifications, is not covered by this warranty.

Our product performance specifications are furnished with each drinking water system. TO THE EXTENT PERMITTED BY LAW, CULLIGAN DISCLAIMS ALL IMPLIED WARRANTIES INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE; TO THE EXTENT REQUIRED BY LAW, ANY SUCH IMPLIED WARRANTIES ARE LIMITED IN DURATION TO THE ONE-YEAR PERIOD SPECIFIED ABOVE FOR THE PARTS DESCRIBED IN THIS LIMITED WARRANTY. As manufacturer, we do not know the characteristics of your water supply or the purpose for which you are purchasing a drinking water system. Please understand that the quality of water supplies may vary seasonally or over a period of time, and that your water usage rate may vary as well. Water characteristics can also change considerably if your drinking water system is moved to a new location. For these reasons, we assume no liability for the determination of the proper equipment necessary to meet your requirements, and we do not authorize others to assume such obligations for us. Further, we assume no liability and extend no warranties, express or implied, for the use of this product on a non-potable water source. OUR OBLIGATIONS UNDER THIS WARRANTY ARE LIMITED TO THE REPAIR OR REPLACEMENT OF THE FAILED PARTS OF THE DRINKING WATER SYSTEM, AND WE ASSUME NO LIABILITY WHATSOEVER FOR DIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL, GENERAL, OR OTHER DAMAGES, WHETHER FROM CORROSION OR OTHER CAUSES.

CONSUMERS:

Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. Similarly, some states do not allow the exclusion of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Consult your telephone directory for your local independently-operated Culligan dealer, or write Culligan International Company, for warranty and service information.
